GATHERINGS 2023 MOTH TRAIL

Northern Grampians Shire Council have received funding for the return of Gatherings for 2023 in Halls Gap and St Arnaud.

Gatherings 2023 Moth Trail Halls Gap: Snappy Gappians and ACT Natimuk have joined forces with the support of Halls Gap Neighbourhood House and the broader Halls Gap community to deliver a return of the hugely successful Moth Trail for Gatherings 2023.

Despite the original Moth Trail 2022 being a Winter event, it attracted many visitors and generated much excitement. In 2023, we build on the energies and success of the Gatherings 2022 to re-activate the public spaces of Halls Gap in a Moth Trail of spectacular community generated and participatory projection and light artworks.

When Saturday Oct 21st 2023 7 – 10.30 pm (Wet weather contingency Sun Oct 22nd)

Where Gather from 7 pm at the Pop Up park for AR activated mural and music.

Lights on for the Moth Trail from 8.30 and follow the trail past the swimming pool, into the Botanical Gardens and Primary School.

Want to get involved and learn some new skills in projection?

ACT Natimuk will run a projector skills workshop to skill up a crew of volunteers to do a 1 hour shift each on supporting a projection/light artwork on the night.

Also seeking volunteers to be part of a team that help set up on the 20th and 21st Oct.

CWA Stawell Branch are seeking help from the Community to contribute granny squares for a Granny Square Christmas Tree to be featured at this years CWA Christmas Tree Festival.

Granny squares can be plain, colourful, basic or elaborate. The only requirement is that each granny square is to measure 15cm (6 inches).

Collection points will be at the Stawell Library, Stawell Neighbourhood House & Stawell Town Hall until 31st October 2023.

After the tree has been created and displayed all contributed granny squares will be turned into blankets and donated to local welfare.

If you cant get your squares into Stawell dropped them off at the Halls Gap Neighbourhood House and Alison will take them into Stawell.

Monday's from 9-30am we meet for our weekly social session where we usually solve a variety of the worlds problems over a hot cuppa and snack. Every Monday morning we are running a woodwork session with students from Pomonal Primary school, which is a great time for the students and our members alike.

Thursday's from 9-30am we have had busy Project sessions with lots of different projects on the go in the workshop. We also have a BBQ lunch at one of these sessions per month.

Wednesday from 1pm in the meeting room we have had our Patchwork session with members doing a variety of patchwork and sewing projects.

Second Tuesday of the month from 10am we had our computer Smart phone session with Moya and also had a lunch together. Some members are becoming so computer literate that it's scary.

We are pleased that the Mixed bunch Art Group are enjoying using our meeting room for their sessions.

The last Sunday of each month we run our (now quite famous) sausage sizzle at the Pomonal market. This helps us raise some much-needed funds as well as being a great social time for all involved. It is also a great way of showing potential new members through the shed and explaining some of our various activities.

We are very pleased that the social side of the shed is running very well. Comradery is very high within the members and our support networks are meeting a variety of personal and mental health needs.

The shed is very welcoming to new members, or anyone interested, feel free to drop in and have a look at what we are up to or for any information contact Russ Kellett on 0438 024 929.

CHANGE OF LOCATION HALLS GAP BUSHFIRE PLACE OF LAST RESORT

WHY THE CHANGE?

The change of site is in response to community concerns over the inadequacy of the existing site (Visitor Information Centre Surrounds, corner Grampians Rd and Heath St) to support large numbers during peak visitation periods.

WHERE IS THE NEW SITE?

The new site is located at the Halls Gap Picnic Reserve, Grampians Rd.
Council received approval to designate the new site from both the landowner Department of Energy, Environment & Climate Action (DEECA) and land manager Halls Gap Caravan Park & Recreation Reserve Committee of Management.
You will see new signage at the site soon.

Designated Bushfire Place of Last Resort area

Bushfire Place of Last Resort

Neighbourhood Safer Place

WHAT IS A BUSHFIRE PLACE OF LAST RESORT?

A Bushfire Place of Last Resort (Neighbourhood Safer Place) is a location that may provide some protection from direct flame and heat from a fire, but does not guarantee safety. These places:

- Should only be used if your Bushfire Survival Plan fails and you have nowhere else to go.
- Is NOT a Relief Centre - limited facilities, and no support services.
- Is NOT a place to relocate to when leaving early.
- May not provide shelter from smoke and embers.

CHECKLIST

Leading up to Bad Fire Days

Don't leave things until the last minute. If you know a hot, dry, windy day is coming, start getting your property ready:

- ☐ Remove doormats from around the house
- ☐ Move combustible outdoor furniture and other items from decks, up against, or under the home
- ☐ Move pot plants a few metres from the home
- ☐ Double check that gas bottles are anchored securely with the relief valves pointing away from any flammable materials
- ☐ Mow your lawns. On bigger properties, a clearing of about 10 metres of well-mown grass around your home is advisable
- ☐ Walk around your home and remove piles of fine fuels such as leaves. It will probably be where embers will land
- ☐ Check your gutters to make sure leaves haven't built up
- ☐ Make sure you remove any fuels from around your windows and doors. These are the most vulnerable parts of your home
- ☐ Make sure trees on your property are healthy with no dead limbs and no vegetation underneath them
- ☐ Ensure your insurance is sufficient and current.

For more information go to:

<https://www.cfa.vic.gov.au/plan-prepare/how-to-prepare-your-property>

On Bad Fire Days

Last things to do before you leave:

- ☐ Fire risk days are usually hot, dry and windy. This could mean you lose power. Consider moving cars out of garages with electric doors or outside of electric gates the night before.
- ☐ Check you have removed anything that could burn easily from around your house, on decks, verandahs and pergola areas. This includes mats, outdoor furniture and wood piles.
- ☐ Turn off the gas supply.
- ☐ If you have time, block your downpipes and partially fill your gutters with water.
- ☐ Close and lock all windows and doors.
- ☐ Leave your front or access gate open – unless this will mean large animals or livestock will be released on to roads.
